

# VIRTUAL INCENTIVE EXPERIENCES 2021

**Mutika's commitment is concrete and constant.** Our Experience Design Team has developed solutions to be virtually experienced and **100% made in Italy!** While we cannot take you into immersive experiences in physical places, we want to bring Italy into your home. We continue to monitor the recovery from this pandemic. Our daily goal is to **increase health checks** and safety levels through our **Covid Tested Meeting** services, so that in addition to virtual events, we will also return to in-person experiences.
